

Moving from Good to Great!

To the parents/guardians of REACH! Students:

12/21/22

This January, Baltimore City School students in 11th and 12th grade that still have not satisfied testing requirements will participate in **Winter State Assessments** in English, Math, Government and Science for graduation. Your child **WILL NOT** graduate if they do not take and pass these tests high school state assessments. **If a student is scheduled for a test, they must test both days.** REACH Partnership will be administering these assessments on the following dates:

SUBJECT/CONTENT	DATES
English 10 MCAP	Thurs, Jan 5th (B-day) & Fri, Jan 6th (A-day)
Algebra I MCAP	Mon, Jan 9th (B-day) & Tues, Jan 10th (A-day)
Government HSA	Thurs, Jan 12th (A-day) & Fri, Jan 13th (B-day)
Life Science MISA	Tues, Jan 24th (A-day) & Weds, Jan 25th (B-day)

The assessments will be administered starting at 8:30 am daily and each assessment takes **two days to complete**. Students must attend both testing days that they are scheduled. All testing days will be **full days of school** with testing taking place in the morning and classes in the afternoon.

Please note that not all students will test for each subject. On days when a student is not testing, they report to school at lunch time. In addition, the students' names will be posted on the testing bulletin boards and also their names are posted outside of each teacher's classroom with the group number, date and times the students are to report to testing.

In order to help your child prepare for a successful assessment we need your support! Prior to the assessment date be sure:

- * Your child gets proper rest and arrives to school on time
- *Your child eats breakfast or arrives on time for breakfast

Thank you,

Dr. James Gresham
Principal

Anita E. Snyder
Testing Coordinator
